### **Announcement of Manitoba Nursing Peer-to-Peer Network**

---

Manitoba eHealth is pleased to announce the launch of the Manitoba Nursing Peer-to-Peer Network, a Canada Health Infoway funded initiative.

Five Nursing Peer Leaders are available to provide services to Manitoba nurses, nursing leaders and their teams to increase awareness of provincial electronic clinical information systems in their work environment. Peer Leaders will provide knowledge and expertise, support and tools to nursing staff impacted across all health sectors and settings.

All requests are to be sent via email to: [nsgpeertopeer@manitoba-ehealth.ca](mailto:nsgpeertopeer@manitoba-ehealth.ca).

In addition, associations, networks and committees who are interested in learning more, are also invited to send a request.

For more information on the Manitoba Nursing Peer-to-Peer Network:
